

Until We Come Back

Talk Sheet

Does God Wear a Tattoo?

Introduction:

There are at least three kinds of tattoo people:

1. Those who love them and just want more
2. Those who have one or even a few that have a deep significance and sentiment for them
3. Those who can't understand the first two groups at all and wonder why in the world someone would do that to themselves

Talk Points:

- Are you aware of how much God loves you? _____

- It would be too overwhelming for us if God pulled back the curtain and showed us how much he loved us, but He does show us in lots of ways. Talk about some of the ways He has shown His love for you. _____

- When it comes to God's children, He is absolutely in love with us and to an irrevocable degree. How much is that? _____

Things To Ponder:

- We are free to stop trying to earn that feeling of being wanted, prized and loved – and just start enjoying what we already have....His love for you and me. _____

- Do you enjoy God? I think He enjoys you.? _____

Reflect:

Can a woman forget her nursing child, that she should have no compassion on the son of her womb?
Even these may forget, yet I will not forget you. Behold, I have engraved you on the palms of my hands.

Isaiah 49:15-16a
