Winter 2016 News from Kairos Prison Ministry International, Inc. Vol. 42 No. 4

An Unexpected God-Shaped Surprise!

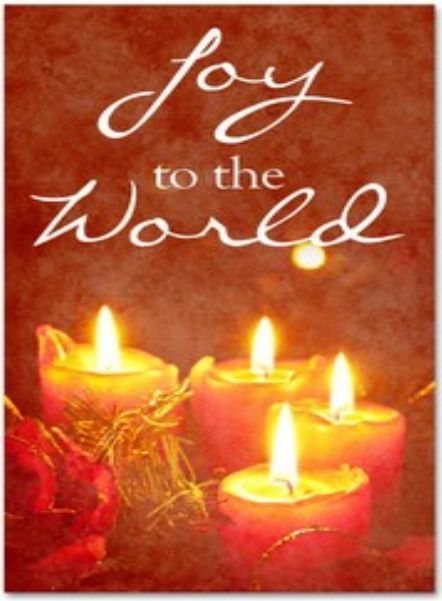
As we count down the days until we celebrate the birth of our Lord and Savior, Jesus Christ, have we often thought how the teenager, the virgin Mary, must have thought when the angel appeared to her?

The angel went to her and said, "Greetings, you who are highly favored! The Lord is with you." The angel said to her, "Do not be afraid, Mary, you have found favor with God. You will be with child and give birth to a son, and you are to give him the name Jesus. Luke: 1: 28, 30-31

Here she was, a teenager, with the biggest surprise and news one may possibly think of. Give birth to the Son of God? Savior for the world? His kingdom will never end (Luke 1:33)?

God had called Mary and her lineage had been made known. Just as God called Mary, He has also called you and me to be a part of this life-changing ministry to help change hearts, be used by God to transform lives, and impact the world for eternity at Kairos Prison Ministry.

Take a moment to think back about your very first Kairos Weekend. Did you know exactly what you were about to experience? Were you a bit nervous? Did you feel "qualified?" Were you prepared for everything that was about to possibly come your way?



No, of course not. But Mary's response was the same type of response that you have shown in your calling to Kairos Prison Ministry when she said, "I am the Lord's servant."

When growing up or when graduating high school, was "prison ministry" near the top of your list when entering adult life? Likely not.

Each of us has a different type of story of how we were called into this amazing ministry. But once we experienced God at work, during our first Kairos Weekend, we were faced with our own unexpected, God-shaped surprise.

We saw lives and hearts change before our eyes, we shed and fought back tears that something powerful was happening, whether it being the participants...or yourself, we saw what "forgiveness" looks like in a new way, we started new impactful relationships, we saw the love and power of God work in only a way that He can. All because you said yes, I am the Lord's servant, just as Mary did.

"I am the Lord's servant," Mary answered. "May it be to me as you have said."Luke 1:38

Thank you for stepping out in faith to answer this calling in prison ministry. Each Weekend is filled with unexpected, God-shaped surprises.

Thank you also for being a living gift in helping to change hearts and make an eternal impact in your local community for Jesus Christ. Not many are reaching our audience. Thousands of lives in 2016 were changed because of the faithfulness and financial support of our Kairos team!
Merry Christmas!

A Time of Reflection

Merry Christmas and Happy New Year!

I am one of those who refuse to say Happy Holidays as it is a time focused on CHRIST and His birth as our Lord and Savior. I pray everyone has a wonderful celebration of Christ.

Evelyn Lemly, CEO

As I look back at remembering what Christ means to me in my life, I can only rejoice as I think of those impacted by incarceration that Kairos touches with the love and forgiveness of Jesus Christ each year. Just take a moment to recall that one special testimony you heard during a recent closing or Reunion at Kairos.

Now take that and multiple it by thousands of special testimonies due to the work of Kairos. It will send chills up our spines and cause goosebumps to pop out to think of the impact of Christ if we will just stop and reflect a few moments.

I have been reflecting in this our 40th year of Kairos about a few things I have heard from Department of Corrections personnel, wardens, chaplains, inmates, graduates, volunteers, family members of Kairos founders, and others. I see a ministry that has been blessed beyond our imaginations from Weekend #1 at Union Correctional Facility to over 500 communities serving in Kairos Inside, Kairos Outside and Kairos Torch.

Here are just a few comments from people that have come to mind:

- Kairos is making a difference and creating a more peaceful environment in our state facilities.

- I have seen Kairos work in our facilities and one thing I most appreciate about it is the structure. Knowing you have a formal approach (pointing to the program manual on the table) to follow and training of the volunteers gives us confidence that you are committed and have a solid approach that works.

- I cannot believe that I have seen some of the worst guys on your yard change since we brought Kairos in this facility.

- My life has changed, as I would probably be dead if I had not found Christ. Thank you Kairos.

- I am going to try to be a better person to everyone starting now. I have a new hope after this weekend.

- This forgiveness thing is hard and I've never cried like that before. But I feel like a huge weight has been lifted off my shoulders.

- You should have seen their faces and demeanor when they walked in Thursday versus what it is today – it's all smiles, hugs, laughter. They feel worthy and loved again. I just love doing this ministry.

A Message From the Board Chair

Each of you should give what you have decided in your heart to give, not reluctantly or under compulsion, for God loves a cheerful giver. 2 Corinthians 9:7

Earlier this month I was sitting in a class and the question came up for discussion…

"Is there a difference in giving or doing good for others and giving or doing good for God?" Several responses were made and the thought of many was that there really might not be that much difference because God would be pleased and good would be done. But I think that there really is a difference. I think that in this season of giving to many useful and beneficial organizations, to food pantries and for the needs of the poor, for the Christian there is a difference. I think that I must pause and ask, "Am I giving these funds or giving this time to please and serve myself or be esteemed by others or am I giving funds or time because I love God and am thankful for his great gift to me of Jesus Christ?"

God gave each of us the greatest gift that could ever be given, his one and only Son, and we could never out-give was he has done for us.

Vicki Spurgeon, Board Chair

What we can do, however, is offer our love and gift to the Lord with joy and thanksgiving, whether that is a sacrifice of finances, time or other resources.

In Kairos, we can give our time by participating in the building of teams, sharing our stories in the recruitment of new volunteers, developing leadership in our Advisory Councils and State Chapters, participating in weekend teams (or supporting those who are), as well as listening to and loving participants, guests, fellow volunteers and all those who are impacted by the Ministry.

We can give by keeping our word, following up on our commitments, focusing on our spiritual health and encouraging others to keep Christ at the center of attention. We can give of our financial resources to support the Ministry locally as well as in other states and countries, particularly those that are new and struggling to grow.

As I think about giving to family, Kairos, church, and the many other organizations around me I will be asking "Am I doing this for me/mine or am I doing this because I love God and find joy in the giving?" Let us all be joyful givers to the honor and glory of God!

May you all be blessed in this joyful season celebrating the birth of Jesus. I count you among my family as we are one in the body of Christ.

Blessings in the journey,
Vicki Spurgeon

A Time of Reflection ***(continued from page 2)***

My list, like yours, could go on and on in thinking of the positive impacts on lives through our time together in Kairos. We are blessed to be called to serve here.

In the past month alone, I have talked to three state leaders of the Department of Corrections. Each started with "thank you" for what Kairos is doing in our facilities. Each stated we are welcome in their state facilities and desire us to do more and whatever they can do to help us please share.

It has hit me that these men certainly did not have to say that and certainly would not if they were not seeing and hearing of positive impacts of the ministry working. We know it is Christ at work.

All of this as I reflect back, I am reminded we are to be a reflection of Christ to others. I pray God is pleased with each of us at Kairos in our service to him and that others see Christ through our actions.

Merry Christmas and here we go into year 41 to serve those impacted by incarceration sharing the love and forgiveness of Jesus Christ.

Team Spiritual Formation

By Ken Rocks
Men's Ministries Coordinator

The primary role of the Weekend Leader is the spiritual formation of the team. His role is to form the team into one body of Christ before going into the prison.

It is part of the Kairos method that team meetings should be interesting, informative, and spiritually enriching. This can be quite a challenge, especially when the team is made up of brand new volunteers as well as experienced members.

The challenge for the Kairos Leader is how to form the team into a spiritually unified body that is prepared for their assigned jobs and talks in a way that both new and veteran team members find interesting. Fortunately, Kairos provides excellent training and tools to assist and guide the Kairos Leader in this specific task.

How does the Weekend leader accomplish that anyway? His role is to facilitate the environment that will foster that spiritual formation. The team spiritual formation begins with prayer. It is very easy for the Kairos Leader to become consumed with logistical details and often begin to overlook the priority of prayer for the team, and prayer within the team. At every turn, prayer is used to deal with difficulties and problems before the team jumps in to solve problems.

When the Kairos Leader is committed to the importance of prayer, not only in their personal lives, but also in the team's life, then spiritual formation is a real and vital part of the Kairos journey. Without the undergirding of prayer, spiritual formation is less than it is supposed to be.

The EZRA software provides a number of example "spiritual experiences" that the Kairos Leader could choose to incorporate into team meetings. EZRA provides video clips that will illustrate how the experience occurs, and if the leader decides to incorporate that experience, EZRA provides printed guidelines that can be given to the person chosen to lead that particular experience.

Here are some examples of spiritual experiences that could be used in team meetings to assist in nurturing a spiritually formed team:

Building a Rock Altar - Laying burdens where they belong, at the foot of the cross, as the team builds a Rock Altar filled with the team's burdens and distractions.

Team Sacrifice - Sacrificing self -focus, the things that separate you from the team, is a humbling, powerful team experience.

Praying with Jesus - Meet Jesus one-on-one as a holy friend. Answer His question, "What can I do for you?" and listen to His answer to your question, "What can I do for you?"

Foot/Hand Washing - The team is commissioned as each other's feet/hands are ceremoniously washed in preparation to become "priests in the holy ground of prisons." Focus is placed on the preparatory words found in the Leader's Advanced Kairos Training Workbook.

Family Prayer Circle - The team forms a circle and prays for each other, one by one, until everyone has prayed for everyone else.

Prayer & Share Group - Meet in small groups, join in a Prayer & Share environment, and focus on one of the group questions.

Team Meeting Prayer Partners (one-on-one) – Join in one-on-one groups as prayer partners, spending time getting to know each other's needs, hurts, and joys. The team ministers to one another in the intimacy of vulnerability.

Team Covenant - Join together as a team and voice your covenant to the Kairos journey and to each other.

Keeping Your Passion for Kairos

By Gina Brockmeyer
Women's Ministries Coordinator

It has been an extremely busy fall for Women's ministries at Kairos. Three number one Weekends were held across the country between the end of October and the Middle of November.

La Vista # 1 was held in Colorado from October 20-23, at La Vista Correctional Facility for Women in Pueblo, Colorado. Twenty-Four (24) women completed the Weekend, and all 24 returned for the Instructional Reunion. Perryville #1 was held in Arizona from November 17-20 in the maximum security (Lumley) unit at ASPC-Perryville, Goodyear, Arizona. Twenty (20) women completed the Weekend and 18 returned for the Instructional Reunion.

Kairos Outside of Western Kentucky held their first Weekend from November 3-6 at "The Hill" retreat center in Hardin, Kentucky. Nine (9) Guests completed the Weekend, and 9 returned to attend the Reunion following the Weekend.

All three teams faced many obstacles going into their Weekends. Both the Weekends in Perryville, and Kentucky had to be postponed, and all three teams faced the typical challenges seen during a # 1 Weekend. But, as He always does, God showed up and His presence was felt on all three Weekends in a very mighty and powerful way. All three communities had strong support from their outside communities who showed up at their Closings and for Walking in Love on Saturday evening of the Kairos Outside Weekend.

Clearly the lives of the Guests, and the Participants were changed, but so were the lives of the volunteers. Many of the volunteers on these Weekends were first time Kairos volunteers, and this was their first Weekend, and their first experience serving with Kairos. It was clear to me that many were forever changed. One volunteer told me, "I will never be the same, I loved the Weekend, and I will definitely be back to serve again." Another new volunteer said "this ministry is so powerful, I had no idea what to expect, and I am just blown away by what I experienced."

The testimonies at the closings on Sunday were inspiring to all those who heard them, and confirmed the powerful impact our ministry has…it changes lives.

In the end, despite all the obstacles and challenges, God supplied everything the teams needed, equipped those called to serve as volunteers, and blessed everyone on the Weekends beyond their expectations.

All three communities are off to a great start which was an answer to the prayers of many.

Please continue to pray for these communities as they move forward.

A Lesson in "Race Relations"

By Kevin Resnover
Youth Ministries Coordinator

And above all things have fervent love for one another, for "love will cover a multitude of sins."
1 Peter 4:8 (NKJV)

As a student of the bible, I've discovered that the scriptures hold great relevance to today's living although they were written hundreds of years ago. As a minister, I have been taught the importance of being relevant with the issues of the day we live in when called upon to minister from those scriptures.

What was relevant to Damon (not his real name) was being an African American teenager incarcerated in the State of Maryland; his perception on how people of color are treated by police officers and those of European origin, and this group of Christians volunteers (all white but 3) that came to spend the next 2½ days with him and the other 20 youth (all black) who signed up to participant in the Kairos Torch Weekend.

Damon's quietness was not because he was shy nor because he could not put into words what he was feeling. In fact, Damon is very articulate and seemed confident in front of groups, large or small. It was what he came to believe about the mistreatment of those clothed in a darker skin that brought about his quietness and cautious demeanor. Although he remained respectful, Damon's earlier silence came from a deep seeded mistrust that was exposed when he broke his silence at the Closing to address the large elephant in the center of the room. But that's the end of the story… let me tell you how it all began.

Even before it was in full swing, the training center where the team was preparing to host the Kairos Torch Weekend was buzzing with excitement. The young Torch Bearers (Participants from Weekend #1) were released earlier to assist in setting up for the upcoming event and they were ecstatic over their role in bringing Kairos Torch to their fellow residents. The state-of-the-art kitchen had been turned over to the kitchen team and they moved with precision to get everything in its proper place. Between hardy laughter and much praise to God for another opportunity to serve the youth at Silver Oak Academy, the kitchen leader directed his team to load love into every activity and dish they made. This same joyous spirit was taking place in the large classroom in the next hallway. That room had miraculously been transformed into the Agape Room and although it was only May 13, 2016, it felt like Christmas walking into that room. A group of ladies were sitting towards the center of the room singing and talking as they put the colorful prayer chain together. Bibles were spread out at the back of the room and the team circled the long table enjoying each other's conversation and signing each Bible with their favorite scripture verse. At the front of the room was the technical support person putting final touches on the "Creation Presentation" and joking with the Agape Leader while he was organizing the remainder of his team and putting up the schedule for the Weekend.

From time to time the Weekend Team Leader would pop in and stand near the door with a smile on his face and express his gratitude for such a fun loving, proficient and caring team. Down the hall and around the corner the clergy team had already set up a beautiful chapel for prayer and counseling while the rest of the team arranged the community room and the auditorium they would be meeting in on Friday and Sunday evening. It really did seem like Christmas to the Torch Bearers as they worked in each of these settings and were lovingly embraced by all of the team members. As I went from room to room to see where I could be of assistance, I saw people laughing, praying working and embracing.

A Lesson in "Race Relations" (continued)

What a beautiful Christian family I thought. The whole training center had been turned over to the Kairos Torch team for the next 3 days and every room used was teeming with excitement and covered in continuous prayer. It was obvious that something special was taking place.

Right on schedule, the team formed a long gauntlet (2 lines) on both sides of the front door to the auditorium as the astounded youth showed up to be announced and cheered into the Weekend. As each name was called the guide would step forward with their name tag and both would run through the gauntlet as the youth's name was chanted by the team. Wow, were they off to a wonderful start I said to myself. At the close of Friday night, we were all on cloud nine and thrilled by the presence of God and the message of love that was felt.

Saturday was even more wonderful than Friday. The team came with high expectations and God did not disappoint them. The youth were received the same way they were on Friday and most ran through the gauntlet giving high-fives to everyone lined up to receive them. Others did their best dance-shuffle through the gauntlet. The team was on fire and ready to put their training and their love into action. Each speaker delivered their soul that day as they crafted their personal journey into the talks they were given. From the back of the room I could see the youth leaning in to catch each word and make their personal notes on what they had heard. The music team lead us in one of the most powerful worship experiences with songs that expressed the deep love of God. As we sang "Good, Good Father" the spirit of God move on each of the young men and they quickly rose to sing those words with such feeling.

I was a bit surprised to hear that the Kitchen Leader was schedule to give the "Get Real" talk, given all the work he had to do in preparing meals and leading this fairly large kitchen team. I quickly understood the wisdom for choosing him to give this talk once he started speaking. Wearing a plain white mask, he entered the back of room, which alone got the attention of the youthful participants. But it was his testimony that held their attention and caused them to look deeply into their own life's journey. After this talk, everyone was given a mask of their own and a set of color markers. Instructions were given to sit quietly and began designing the masks we often hide behind. Once we had completed our mask, one by one each stood to share their mask and its meaning. We could almost hear the walls falling down around us as each youth powerful shared their mask and its story. New ground was being broke and mask were coming off.

There were some difficult moments as well; but difficult in ways that God ordained for us (participants and team members) to look into our lives and challenge our choices. Would we run and hide or would we face the mirror? Some fell into deep silence when faced with this challenge but none left the Weekend because it was too hard to face their truth.

It was the "Father Forgiveness" dialogue that impacted me the most on Saturday. This is where an older male on the team stands up in proxy of all fathers and asks each youth to forgive him for his abandonment, failures and abuses towards them. He then gives words of affirmation and love to each of them and offers a father's blessing over them. It was then that I saw the young man who was struggling to be on this Weekend break into weeping and began addressing his father's wounds. The volunteer that was assigned to him as his guide wisely set down beside him and let him know that he was there for him.

Sunday was more of the same, but with each moment came a deeper since of God's presence through these Christians that loved these youths, JUST BECAUSE… Every meal was spectacular, every song was impacting, every talk was powerful and the team was not just watching God's love in action, they were God's Love in action!

I know! You're waiting to hear how all this connects, and want to know what all this has to do with color lines, cultural differences and disparities? The truth is that there never was a comment or talk that addressed racial disparity or the importance of black lives until Damon got up at the Closing to address the 30 team members and the 100 people (all white but 2) from the community that came to the

Kairos Outside Advanced Trainers Weekend

By Gina Brockmeyer

The Kairos Outside Advanced trainers gathered at the International Headquarters in DeBary, Florida from November 30th until December 4th for a "Train the trainers" event. The group included the international trainers from Australia, South Africa, and England as well as four (4) new Advanced Kairos trainers who were added this year to the Advanced Kairos Outside training team.

It was a very busy Weekend for the trainers! All left saying they had gained much knowledge and feel better equipped to conduct Advanced Kairos Training Outside in 2017.

Pictured (from left): Deb Timmons, Alabama, Teddy Carson, Texas, Cynthia Boswell, Pennsylvania, Mistey Williams, Texas, Emma Jones, California, Alexia Brooks, England, Vanessa Vela Cruz, Georgia, Betty Carter, Louisiana, Jenny Bothma, Australia, Yvonne Oberholzer, South Africa, Becky McCrary, South Carolina, and Ruby Burris, Indiana.

Happy Retirement to Ken Rocks, Kairos Men's Ministries Coordinator!

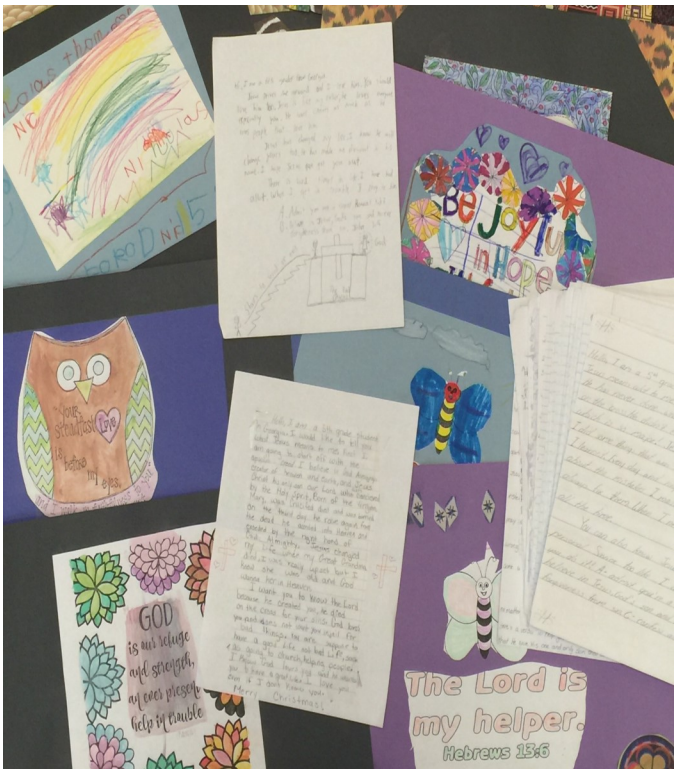
The Kairos Prison Ministry staff was saddened earlier this month when Ken shared the news with us about his retirement. We are also excited that Ken can enjoy his new freedom from his many years of faithful service in business and ministry with us here at Kairos! We know God has a plan for Ken 's continued service for Him and excited to see what this is.

Ken served as a Kairos volunteer for about ten years, including a Kairos Inside Weekend leader, Advisory Council Chair and State Chair of California.

Ken was born and raised in San Diego and had a successful Insurance agency before being called to serve on the staff at our international headquarters in central Florida. Ken will be on staff through 2016, before retirement. He still resides a few blocks away and our staff is already looking forward to his friendly, nice surprise visits! Thank you Ken!

Eagles Landing Christian Academy Sends Agape!

By Gina Brockmeyer



The Administration at Eagles Landing Christian Academy in McDonough, Georgia was looking for a service project for its students. Someone at the school had heard about Kairos. They contacted us to see how their students could volunteer.

After learning more about the ministry and what we do, the staff decided that in addition to praying for the ministry, the best thing the children could would be to make and send Agape for upcoming Weekends!

This month, three BOXES of Agape in the form of letters and placemats with inspiring messages were delivered to us. The Agape from students in Kindergarten thru 6th grade will now be distributed to Kairos communities for use on their spring Weekends.

Thank you to all the students at Eagles Landing Christian Academy. Your expressions of agape love will truly touch the hearts of Weekend Participants and Guests.

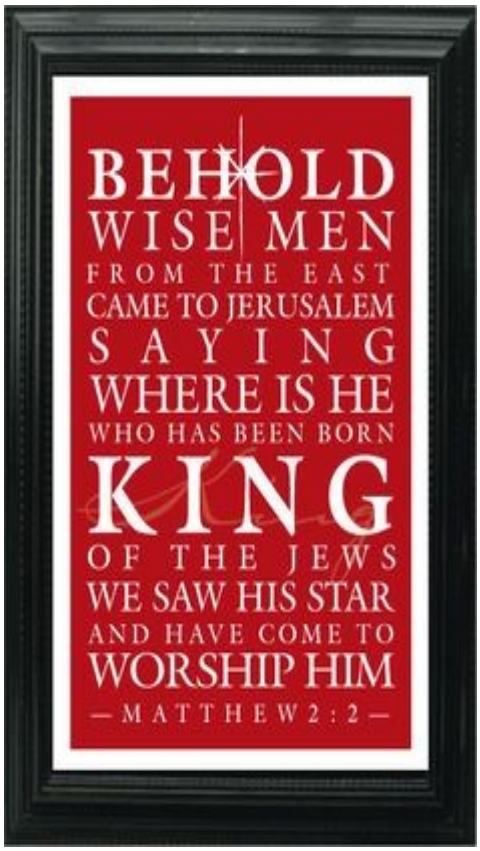
Ways to Give

There are *many* ways to give to Kairos Prison Ministry. One way is to give a ***Legacy gift***. If you haven't already, we pray you will consider including Kairos in your Will.

Recently, a faithful donor/volunteer shared, "Kairos is always in my heart. I want you to know that Kairos is in my Will. I want to make sure that many years to come those that have only known hopelessness all their lives continue to find hope and healing when they ask Jesus into their hearts."

Another way to give to Kairos Prison Ministry is through ***Appreciated stocks***. Recently, a donor said how simple it was to transfer her appreciated stocks to Kairos Prison Ministry.

Giving appreciated stock is a great way both to reduce your taxes and give more generously.



Kairos Prison Ministry International

In Loving Memory

Often, people who have lost a loved one ask that a tribute gift be made to their favorite charity in lieu of flowers.

A memorial contribution to Kairos Prison Ministry pays thoughtful tribute to the memory of your loved one.
Donations will support sharing Christ's love with the incarcerated.

A memorial letter will be sent to the family of the bereaved, along with the name(s) of the donors. The amount of the gift will not be disclosed.

Donors will receive a letter from Kairos Prison Ministry for their tax-exempt contribution.

Lesson in Race Relations (Cont)

Closing. It was the closing minutes of the Kairos Torch Weekend at Silver Oak Academy in Keymar, Maryland that this 16-year-old incarcerated youth named Damon taught this 59-year-old man a powerful lesson in love. You see before coming to work for Kairos, I worked for the City of Indianapolis as the Affirmative Action Manager. For several years, I fought hard for "racial equality" and impartiality. Although I won every complaint, as a man of color, I often walked away wounded because the laws I used to win could never legislate acceptance and love. The truth is winning the case never changed the offenders character.

Before closing out the Weekend, the Team Leader asked if anyone else had anything else to say. Damon stood up and walked to the center of the stage. Looking out into the audience and said: All of my life I have been taught, and have come to believe that white people didn't care anything about me because I am black. It's been in the news and you all know about what's being said about the police (Freddie Gray shooting in MD). I've come to believe it to be true. Then I come to this Kairos Torch and meet you all (he turns and points to the team) and you've done nothing but love me for these last three days and try to help me. It confuses what I believed. Then we come here to this Closing and I see all of you. (he turns and points to the audience) Now my whole philosophy has totally changed. I see life very differently now. Thank you!

It was not surprising to me that the whole team and everyone in the audience gave him a standing ovation. After all, he was complimenting them. What brought me to tears was when each of the incarcerated youth (all black) stood applauding him and signified "ME TOO!"

Here's what we all walked away with stamped on our hearts; Love is not a word, it's an action, and the action of love will cover and even destroy a multitude (generations) of sinful acts against us.

I am grateful to the vehicle of Kairos Prison Ministry for addressing an issue that is relevant to today through God's Word written hundreds of years ago.

KAIROS PRAISE REPORTS

Berlin FCI; New Hampshire-

Kairos Men's Inside Weekend #2 was a challenge as it had been postponed from May until November 2016. Many volunteers who were available for the regularly scheduled Weekend were not able to serve during the November Weekend. The participant pool also dropped from 18 (with 8 alternates) in May to 11 that attended in November.

Federal regulations also would not allow our volunteers to bring in cookies or snacks. When the participants heard this, they used "reverse" Agape on the Kairos volunteers! The participants used their own commissary to provide snacks for everyone. The participants earn about 25 cents an hour through their work.

Also, the participants included two Muslims and a pagan believer. With all the "plans" that the team made, God always shows up and shows us 'plans' we never expect. The bridge building Muslim was truly a man of peace and softened hearts of both team members and participants. During the 'open mike' and the Closing, the participants were truly thankful to God and for their "Weekend."

Mountain View Correctional Institute; North Carolina

Mountain View Correctional Institute Weekend #1 was a success beyond expectations!

The Holy Spirit was at work with the team through a rocky recruitment including sickness, confusion and other unexpected trials.

The team was the one ordained and the participants were those whom the Lord appointed as well.

We thank the many (prayer chain with over 550 links) supporters who prayed, contributed and sent tons of Agape!

We also thank our Lord and Saviour, Jesus Christ, for the honor of participating at MVCI #1, and ask blessings on those already being ordained to volunteer and participate in MVCI #2.

KAIROS TRAINING

Advanced Kairos Training is for Kairos Inside, Kairos Outside, and Kairos Torch volunteers who are in or will be in a Weekend leadership role, including Advisory Council or State Chapter positions, anywhere within the Kairos program. Advanced Kairos Training gives the what, who and why of the Kairos ministry. **Kairos policy requires that all Weekend leaders must have completed the entire training course 12 to 24 months prior to leading a Weekend.**

PRINCIPLE STATEMENTS CONCERNING ADVANCED KAIROS TRAINING EXPENSES

1. All Advanced Kairos Trainings are essentially free to any and all attendees. However, paying the expenses of an attendee for training is borne by the state sending its volunteers to a training in or out of its local state. This means that all Advisory Councils or State Chapter Committees should be budgeting for any training expenses deemed necessary for their future Weekend Leaders or other attendees that the Advisory Council or State Chapter Committee wants to attend.
2. Advisory Councils or State Chapter Committees should encourage their volunteers (who may have been used to paying out of their own pocket previously to a Host State) to make their donations to their local Advisory Council instead to help build the budget to allow for more volunteers to attend trainings.

BE SURE TO BRING YOUR PROGRAM MANUAL WITH YOU TO THE TRAINING

You must complete the entire Advanced Kairos Training in order to receive your certificate and become a Weekend Leader.
